THE COMPUTER IS PERSONAL AGAIN.

Powerful, flexible, easy – Innovative!

HP Compaq t5735 Thin Client

The HP Compaq t5735, with its AMD Sempron 2100+ processor and a slimmer design, delivers desktop-like performance and support for local applications. The HP t5735 provides convenient access to server-based solutions, HP's Consolidated Client Infrastructure (CCI), Virtual Desktop Infrastructure (VDI) or to a variety of remote client solutions.The HP t5735 is a powerful Debian Linux-based client that supports a variety of open-source applications, creating a new paradigm in thin client computing. Standard features include a familiar interface, Iceweasel (Firefox) browser, latest Citrix ICA and rdesktop RDP clients, native DVI-D and VGA capability, and wide screen support. Maximize functionality with an optional Expansion Module for installing a wide range of devices.

Easy to deploy and manage
Ready to run out of the box, with a familiar look and feel. Reduce the complexity and cost of managing your IT assets with Altiris Deployment Solution. A full license is included with every thin client. Easily deploy, configure and manage software with HP ThinState Tools.

Easy to secure
Protect your critical user data and applications with lockable user settings, local storage that can be disabled, and optional smart card user authentication. A secure USB compartment protects USB options against tampering and theft. Ideal for safeguarding USB wireless and Flash devices.

Easy on the budget
Enjoy years of reliable use with solid-state design and industry-standard architecture. Centralized management and no moving parts means fewer help desk calls, less down time and greater end user productivity.

Easy on the environment
Designed to be energy efficient and with the environment in mind, saving you money. HP Quick Release (sold separately) allows many space-saving mounting options – on a monitor, wall, stand, or under a desk. Make the most efficient use of space-constrained environments with the HP Integrated Work Center Stand. Easily attach a 17 or 19-inch diagonal HP LCD monitor and HP Compaq Thin Client on a stand for all-in-one convenience.

Reduced data and hardware theft or loss.
HP advantage: As a global leader in thin client server computing, HP has successfully deployed thousands of solutions for large enterprises and can be your single-source for thin clients, servers, monitors, peripherals and services. HP also offers: more options for greater expandability, strong partnerships with Microsoft® and Citrix, wide variety of channel partners, large, global service and support organizations in 160 countries, free Altiris Deployment Solution, an enterprise-level management solution for your thin clients

HP Compaq t5735 Thin Client

Operating system	Debian Linux 4.0 (Linux Kernel 2.6)
Browser	Debian Iceweasel (Firefox) browser
Processor	AMD Sempron 2100+, 1 GHz
Memory	1 GB Flash, 512 MB or 1 GB DDR2 SODIMM (32 MB of system RAM is reserved for video graphics usage)
Video	ATI Radeon X1250 graphics with support for high-resolution monitors up to 2048 x 1536 or up to 32-bit color depth, 32 MB of graphics memory
Expansion slots	Optional Expansion Module (1 PCI and PCIe, 1 parallel, 1 serial port)
Ports and jacks	USB or PS/2, VGA-type video output, local printer support
I/O and peripheral support	8 USB 2.0 ports (two in front, four in rear, two in secure USB compartment), 1 VGA, 1 DVI-D, 2 PS/2, 1 serial, 1 RJ-45 and 1 optional Expansion Module with PCI or PCIe x1, including 1 parallel and second serial port
Connectivity	10/100 BaseT Fast Ethernet, twisted pair (RJ-45), TCP/IP with DNS and DHCP, Point-to-Point Protocol (PPP), Direct Connection through RS-232, Wake on LAN (WOL), PXE
Emulations	Built in dual monitor support (VGA and DVI-D native) - supporting a broad range of HP monitors including widescreens.
